eWaste Disposal, Inc

(Environmental Waste Disposal)

Providing California with all of the necessary services to ensure cost effective and environmentally compliant hazardous waste transportation.

eWaste Disposal, Incs Written Environmental Statement

DVBE certified hazardous waste transport, provides comprehensive waste management services, specializing in transporting of hazardous waste.

Our EPA number is CAR000213637 and our hazardous waste hauler number is 5948. We are also DoT approved.

We are dedicated to environmental waste disposal to help industries and prime contractors recycle their hazardous wastes, preserve the environment and avoid the inherent long-term liability of landfill disposal. Services also include flammable disposal, paint disposal, soil disposal, RCRA and non RCRA waste streams.

eWaste Disposal, Incs Solutions:

eWaste Disposal, Inc strives to reuse and recycle through a vast network of experts and facilities. When disposal or incineration are necessary, advanced waste profiling, lab-packing and manifest preparation assure state and federal regulations are met. Working with a large number of TSDF's (Treatment, Storage and Disposal Facilities), recyclers, and field chemists, eWaste Disposal, Inc is your total source for waste management.
