eWaste Disposal, Inc. ( EDI ) will provide or arrange pickup, transportation, tracking documents and waste reduction/recycling of universal and hazardous waste listed below. Title to all materials passes to EDI upon pickup by EDI. Lamps received at EDI recycling centers will be processed in accordance with all applicable State and Federal laws and regulations or other applicable regulatory approvals. Lamps must be packed in cardboard cartons or fiber lamp drums with the ends sealed shut and U.V. labels. Capacitors will be removed and incinerated (PCB) or landfilled (NON-PCB and PCB) as appropriated for ballast classification by an EDI selected EPA permitted facility in accordance with EPA regulations. Lamp ballasts must be packed in DOT UN APPROVED shipping containers. Container tops for all loaded drums shall be secured to the drums. EDI will provide material classification labels to be applied to all ballast containers prior to pickup. All drums of NON-PCB ballast must have the drum lid marked as "NON-PCB" with waterproof marker. EDI will provide proper documentation at time of pickup unless otherwise specified. Batteries must have terminals taped off and separated among different battery types. **No mixed containers.** Electronic (monitors, TVs, etc...) must be packaged so that damage cannot occur to screens, or minimum damage to any encasement.

### LAMP MATERIAL CLASSIFICATION AND PRICING

### CHARGES

Customer releases eWaste Disposal, Inc. (EDI) and agrees to Indemnify and hold harmless EDI from any claim, demands, liability, expenses or cost based upon or arising out of the matter in which customer packages, labels or loads the materials. Payment in full is due in 30 days from date of invoice. After 48 days, a 1 ½ % finance charge will be applied to each invoice monthly. Customer also agrees to waive any entitlement to a jury trial. This quotation represents the entire agreement between the parties. Any other terms contained in any customer documents are not accepted by EDI and are not part of the parties' agreement.

The customer will be issued a **"Certificate of Recycling"** for their records along with the invoice. Thank you for helping to protect our environment for the next generation.

Sincerely,

Thomas M Abercrombie
