To Whom It May Concern:

My name is Joshua Rosenbaum, Senior Management Analyst for the City of Newport Beach Utilities Department. For the past several years, Ewaste Disposal and its principal Mr. Thomas Abercrombie, have provided an exemplary level of service to the City. Ewaste Disposal has been a very responsive and cost-efficient company that has assisted the City for several years in the proper removal and transport of the roll-off bin(s) filled with underground AC pipe and other hazardous materials collected by City staff during field operations.

I am pleased to recommend Ewaste Disposal and Mr. Thomas Abercrombie to provide vital hazardous material collection and disposal services for the Army Corp of Engineers in the aftermath of the Eaton/ Pacific Palisades fires. As the next phase of dealing with the most catastrophic wildfires ever experienced in Southern California commences, the clean-up, I am confident that Ewaste Disposal and their staff will provide above and beyond satisfactory and a high-quality level of service to the communities in which they will be called upon to serve.

Should you have any questions about the City of Newport Beach experiences with Ewaste Disposal, I'd be happy to answer any questions. I can be reached at (949) 644-3057.

Sincerely,

Joshua Rosenbaum  
Senior Management Analyst  
Utilities Department  
City of Newport Beach
